

Preach

Isaac Carree

I know there's someone out there that is hurting.
And I know someone out there that thinks they're worthless.
I know there's someone out there that's heartbroken.
And I know someone that lost their job and they ain't workin'.

But I know a man that is able to fix everything you are going through.
And this man, he is incredible. Give your problems to him and just let em go.

There's some people out there that really doubt him.
You gotta believe me, I know too much about him.
You ain't got nothing to lose, so just write him.
Can I get a witness to help me say.

He forgave me (preach), then he delivered me (preach), then he saved me (preach).
You better preach (preach), preach (preach), say that word.
He's a doctor (preach), and a provider (preach).
He is everything you need em to be, you better preach (preach), preach (preach). Say that word.

I know there's someone out there on their death bed.
The doctor said there's nothing else they can do.
Somebody has debt to the ceiling, and all your bills are due.

But I know a man that is able to fix everything you are going through.
And this man, he is incredible. Give your problems to him and just let em go.

There's some people out there that really doubt him.
You gotta believe me, I know too much about him.
You ain't got nothing to lose, so just write him.
Can I get a witness to help me say.

He forgave me (preach), then he delivered me (preach), then he saved me (preach).
You better preach (preach), preach (preach), say that word.
He's a doctor (preach), and a provider (preach).
He is everything you need em to be, you better preach (preach), preach (preach). Say that word.

There are times in my life where I doubt what the words said.
Cause it's hard to trust what I can't see, but God reminded me.
You're not alone, have faith in me.
I can do the impossible (nothing's impossible), give you relief.

He forgave me (preach), and he delivered me (preach), so glad he saved me (preach).
You better preach (preach), preach (preach), say that word.

He's a doctor (preach), and a provider (preach).
He is everything you need em to be, you better preach (preach), preach (preach). Say that word.

I've done a lot of wrong in my life, and I'm not saying that I'm perfect.
But I know a man who fix it for ya, he can turn it around.
His name is Jesus, what's your name? Anybody know about Jesus?
Can I get a witness, can I get one witness. Preach
