Kill 'em all, no no rewinding

You can't kill me I will taunt you, yes I'll haunt you

Acting Tyler Perry, bleeding red, I'm Bloody Mary

I'm walking out and they are staring

My shit real, there's no comparing

You know I'm really daring, my secrets I'm not sharing

No talking 'bout the money commas, bitch I'm hard of hearing

Five gang, bitch we really booling

Niggas really pussy, I can't trust 'em, why you fooling?

I know I am a princess, boss around, bitch I am ruling

Your bitch she bought my music, cause she say my shit is smooth

Riding 'round bitch I ain't fooling

[Hook: YG]

Aye that forty Glock popping nigga

You gon' need a doctor nigga

This ain't for imposters

This is for them real shooters

I'm from [?] where them shots go blocka blocka

Bitch nigga drop a pin, we can ride up on your spot

Bitch nigga know I ball, bitch nigga check the roster

Bitch I pull up in that foreign, bitch I ain't no imposter

Bitch you know I got the stick, bitch nigga don't want no drama

Nigga know I got the stick, bitch nigga don't want no drama
