

Can't Go Wrong

Wiley

My team's got a lot of dons
And we're doing this ting, go check out the songs
"Man Don't Care", we shut down the park
You can see us onstage like "what's going on?"
BBK got a lot going on
Skepta, that's my brudda, that's my don
They could never control how man are doing it
It's authentic, can't go wrong Can't go wrong
Can't go wrong
When it's straight from the heart, you can't go wrong
If it's a real vibe then you can't go wrong
Can't go wrong
Can't go wrong
When it's straight from the heart, you can't go wrong
If it's a real vibe then you can't go wrong
When it's straight from the heart, the music gets heard
Could've been a roadman, could've been a nerd
Dad told me "don't follow the herd"
Instinct, yes, I follow the word
I used to go and get what I'm given
Now I go and get what I'm worth
Still going strong cause I gotta believe
That I'm the wickedest grime MC on this earth My team's got a lot of dons
And we're doing this ting, go check out the songs
"Man Don't Care", we shut down the park
You can see us onstage like "what's going on?"
BBK got a lot going on
Skepta, that's my brudda, that's my don
You could never control how man are doing it
It's authentic, can't go wrong
Can't go wrong
Can't go wrong
When it's straight from the heart, you can't go wrong
If it's a real vibe then you can't go wrong
Can't go wrong
Can't go wrong
When it's straight from the heart, you can't go wrong
If it's a real vibe then you can't go wrong Yo, I wanna MC, bruv
Step in the place and I MC, bruv
Jump on the stage and I MC, bruv
Mash up the place when I MC, bruv
Bruv, I wanna MC, bruv

Pass me the mic, I'mma MC, bruv
No question, top flight MC, bruv
Full clip, never on empty, bruvMy team's got a lot of dons
And we're doing this ting, go check out the songs
"Man Don't Care", we shut down the park
You can see us onstage like "what's going on?"
BBK got a lot going on
Skepta, that's my brudda, that's my don
They could never control how man are doing it
It's authentic, can't go wrongCan't go wrong
Can't go wrong
When it's straight from the heart, you can't go wrong
If it's a real vibe then you can't go wrong
Can't go wrong
Can't go wrong
When it's straight from the heart, you can't go wrong
If it's a real vibe then you can't go wrongWhat's gwaning? What's the motion?
Fresh out the oven like a Sunday roast
You can find me swimming in the ocean
Sunset, I might drive round the coast
When it's showtime, jump on a plane and take time
I stand out like one brake light
Everybody wants their team to be sick
But you and your crew are just one great hypeMy team's got a lot of dons
And we're doing this ting, go check out the songs
"Man Don't Care", we shut down the park
You can see us onstage like "what's going on?"
BBK got a lot going on
Skepta, that's my brudda, that's my don
They could never control how man are doing it
It's authentic, can't go wrongCan't go wrong
Can't go wrong
When it's straight from the heart, you can't go wrong
If it's a real vibe then you can't go wrong
Can't go wrong
Can't go wrong
When it's straight from the heart, you can't go wrong
If it's a real vibe then you can't go wrong
