

# Break Yourself (feat. Far East Movement)

## Hook N Sling

All these freaks around me, playin' they don't wanna leave  
All this weed around, I'm only smokin' on the finest tree S  
o break yourself, betta break yourself K  
All these freaks around me, playin' they don't wanna leave  
All this weed around, I'm only smokin' on the finest tree S  
o break yourself, betta break yourself K  
ing of the chill, playin' the life And you're like just rolling blunts for me when I drive  
Two symphonies stay polite  
So push away in K-Town like a bag of rice  
Two dokes, and I'm loco (loco) Bitch give me head while I'm flippin' off the popo  
Pimp shit, take a zip of the potion  
I'm acting these hoes, put that ass in the motion  
That's post sin, all that dope flip like a roach clip  
On a big chick with her own shit  
Bakin' in yo house, girl I'm in it now Yo,  
I turn it out, turn it out
