

Setting the Night On Fire (with Chris Young)

Kane Brown

10 P.M., m?st f?lks are sleeping
?ut it's the weekend
S? we ain't, and we kn?w where the cows d?n't g?
?hese 40 inch tires saving up pavement
S? we're taking them on red dirt place s?mewhere offroad
??u won't find us at n? bar
?ll tell y?u right where we are?? where, no rules
Crack a ?ud Light, get int? the gr??ve
Dancing in the middle ?f the night in the middle ?f a field
Just turning it l??se
?ell yeah, that's us
D?n't need a downtown t? get t? tearing it up
R?und here, just watching the stars get bright
Setting the night ?n fire, ?n fire, on fire
Setting the night ?n fire, ?n fire, on fire
Girls sh?wing up late as always
??w it's a party
Cut ?ff sun dresses, they're ready t? go
D?n't need n? dance road t?night
Just c?untry music and g??d times?? where, no rules
Crack a ?ud Light, get int? the gr??ve
Dancing in the middle ?f the night in the middle ?f a field
Just turning it l??se
?ell yeah, that's us
D?n't need a downtown t? get t? tearing it up
?ut here just watching the stars get bright
Setting the night ?n fire, ?n fire, on fire
Setting the night ?n fire (?n fire), o
n fire (on fire), ?n fire (on fire)??u won't find us at n? bar
?ll tell y?u right where we are
?? where, no rules
Crack a ?ud Light, get int? the gr??ve
Dancing in the middle ?f the night in the middle ?f a field
Just turning it l??se
?ell yeah, that's us
D?n't need a downtown t? get t? tearing it up
?ut here, just watching the stars get bright
Setting the night ?n fire (?n fire), o
n fire (on fire), ?n fire (on fire)
Setting the night ?n fire (?n fire), o
n fire (on fire), ?n fire (on fire)
?eah

Setting the night ?n fire?n fire
