

# Don't Cry Out

## Shiny Toy Guns

I don't get you  
I can't forget what  
You've forgotten, all along  
I've never been so alone Don't cry out  
Cease fire I was pretending  
Your secret kiss of confidence  
Was my escape  
The perfect game to play Don't cry out  
Cease fire Ten, nine, eight and I'm breaking away  
I'm all dressed up and I'm ready to play  
Seven, six, five, four and I'm all over you  
Counting three, two, one and I'm having fun  
Your fascination  
With naked walls of silk and skin  
With no conditions  
I needed you to notice that's all I wanted Don't cry out  
Cease fire Ten, nine, eight and I'm breaking away  
I'm all dressed up and I'm ready to play  
Seven, six, five, four and I'm all over you  
Counting three, two, one and I'm having fun Ten, nine, eight and I'm breaking away  
I'm all dressed up and I'm ready to play  
Seven, six, five, four and I'm all over you  
Counting three, two, one and I'm having fun Don't cry out  
Cease fire  
Ten, nine, eight and I'm breaking away  
(Don't cry out)  
I'm all dressed up and I'm ready to play  
Seven, six, five, four and I'm all over you  
(Cease fire)  
Counting three, two, one and I'm having fun Ten, nine, eight and I'm breaking away  
(Don't cry out)  
I'm all dressed up and I'm ready to play  
Seven, six, five, four and I'm all over you  
(Cease fire)  
Counting three, two, one and I'm having fun
