

# Revival

Zach Williams

Your strength that found me at my weakest  
Your grace poured out at my despair  
When I feel lifeless, tired, burned out and defeated  
Your perfect love will find me there  
You called my name, you made all things new  
Oh, I was dead but look at me now,  
I've found revival in you  
You gave me life, 'cause that's what you do  
Oh, I was dead, but look at me now  
I've found revival in you  
Wild dreams that breathed into existence  
My broken heart began to beat  
There's no more fear and doubt, my bitter disappointments  
Became my greatest victory  
Oh, when You called my name, you made all things new  
Oh, I was dead but look at me now,  
I've found revival in you  
You gave me life, 'cause that's what you do  
Oh, I was dead, but look at me now  
I've found revival in you  
It's all because of you, all because of you  
I am alive in Jesus, I am alive  
It's all because of you, oh it's all because of you  
I am alive in Jesus, I am alive  
You called my name, you made all things new  
Oh, I was dead but look at me now,  
I've found revival in you  
You gave me life, 'cause that's what you do  
Oh, I was dead, but look at me now  
I've found revival in you  
Oh, I was dead, but look at me now  
I've found revival in you
