

Can You Get to That

Funkadelic

I once had a life or rather

Life had me I was one among many

Or at least I seemed to be

then I read an old quotation in a book just yesterday said you gonna reap just what you sow the
rest to earn you have to pay

Can you get to that?

Can you get to that?

I want to know if you can get to that

Can you get to that?

I want to know if you can get to that

I wreck the light with a mixty motion

The good time we use to have we use to have

But you were making pepperation for the time of sake and you blew everything there

You get the panet

Can you get to that? and ease it down

Crush you socks with liittle bit of love and kiss you later

Don't get socks at a efficient store

Can you get

I want to know if you can get to that

Can you get

Can you get

I want to know if you can get to that

Can you get

I want to know if you can get to that

Can you get

I want to know if you can get to that

Can you get

I want to know if you can get to that

Wish your life for love and you and your love could ease it down

If it takes you a step and another piece layer of affection

A another decision and an old truck

Can you get

I want to know if you can get to that

Can you get

I want to know if you can get to that

Can you get

I want to know if you can get to that
