

# Haunted

## Thunderstorm Artis

I'm haunted  
By all the words I never told you  
And all the things I never showed you  
Now you're gone away  
Summer  
Can see the coming quicker  
And all these walls must be talking  
'Cause I can hear you say

Take me by the hand  
Walk with me again  
Down into the fields  
Where we used to dance  
Like when we were kids  
Tell me that you care  
That you will be there  
And I will wait for you  
Out there on the sand (?)  
Like when we were kids  
Like when we were kids  
And I  
Don't want to run anymore  
Don't want to fight all the memories of you I can't let go  
And I  
Don't want to hide anymore  
Don't want to cast out the blame and say that it was just your fault

Take me by the hand  
Walk with me again  
Down into the fields  
Where we used to dance  
When we were kids  
Tell me that you care  
That you will be there  
And I will wait for you  
Out there on the sand (?)  
Like when we were kids  
Like when we were kids

Wish I could turn back the time to let you know  
'Cause darling I love you and I won't let you go  
Just like a fool I was chasing after (?)  
And I never noticed that I had let you go

That I'd let you go

Now I'm  
Haunted (x3)

By you  
Haunted (x3)

By you  
I'm

Haunted (x3)  
By you

I'm  
Haunted (x3)

By you

Ooo

Wish I could turn back the time to let you know

'Cause darling I love you and I won't let you go

Just like a fool I was chasing after (?)

Oh

And I never noticed that I had let you go

Oh

And I'm  
Haunted (x3)

By you  
Haunted (x3)

By you  
Haunted (x3)

By you  
I'm

Haunted (x3)  
By you
