

Pretty Stranger

Prismo

Please be mine
Tell me what's on your mind
Pretty stranger please be mine
Tell me what's on your mind You've been acting stranger every night
But I'm feeling right cause I'm into you
You've been acting stranger every time
Won't you speak your mind what's gotten into you? So please be mine
Tell me what's on your mind
Pretty stranger please be mine
Tell me what's on your mind
Pretty stranger please be mine
Pretty stranger please be mine You've been acting stranger every night
But I'm feeling right cause I'm into you
You've been acting stranger every time
Won't you speak your mind what's gotten into you? So please be mine So please be mine
Tell me what's on your mind
Pretty stranger please be mine
Tell me what's on your mind
Pretty stranger please be mine
Pretty stranger please be mine
Please be mine
Pretty stranger please be mine
