Paralyzed

Marshmello

Come on baby stay with me Baby, why won't you stay with me?

'Cause I know I've tried

And I know I've said goodbye

Baby, without you by my side

Ya, I feel like I'm paralyzedWoah, woah

Ya, I feel like I'm paralyzed

Woah, woah

Ya, I feel like I'm paralyzed

One, two, three, jump

Say something, say something

Say something, say somethingCome on baby stay with me Baby, why won't you stay with me?

'Cause I know I've tried

And I know I've said goodbye

Baby, without you by my side

Ya, I feel like I'm paralyzed

Woah, woah

Ya, I feel like I'm paralyzed

Woah, woah

Ya, I feel like I'm paralyzedOne, two, three, jump

Say something, say something

Say something, say somethingCome on baby stay with me

Baby, why won't you stay with me?

'Cause I know I've tried

And I know I've said goodbye

Baby, without you by my side

Ya, I feel like I'm paralyzed
