

# 6 Feet Underground

## Ja Rule

Dice are rolling, Knives are out  
With thee present danger all around  
I don't say they mean harm, but they'd each give an arm  
To see us six feet underground  
See us 6 feet under ground  
It doesn't matter what those morons say It's Murda I N C Uh, the Lord is calling me  
My demons haunt me this really tortures me  
'Cause they don't understand me  
And while I'm holdin up I know you smilin' down  
At all my enemies who wanna see me (six feet underground)  
Look at me now hittin' em up holdin it down  
'Cause I'm destined to be I know you love to see me  
(6 Feet underground) why see do the Devil's Eyes  
You vision my demise so may your soul lie  
(6 Feet Underground) and before that I believe  
That I can fly most people gettin lye my niggas is gettin' by  
If you can't see we bitches ya jags, we foward ya last  
We Diamonds ya glass, we get pussy yall ass. Give me love  
We be wearing gloves tied up in gloves with special 38 slugs  
So we don't end up (6 Feet Underground) the butch is hittin em'  
The rule is to get rid of em' for those who feel they getting away  
Ja we sendin em' (6 Feet Underground) I've feel I've cursed  
My body and soul I been outta control ever since I fell in the zone  
I want nothin more than to see my niggas eat with me  
But my enemies want nothin more than to see me (6 Feet Underground)  
The Lord is calling me  
My demons haunt me this really tortures me  
'Cause they don't understand me  
And while I'm holdin up I know you smilin' down  
At all my enemies who wanna see me (six feet underground) I'm so ignorant 'cause I done  
played my last tears  
And pain is bliss been through so many things  
It's hard to resist a mind that's currently  
Thinking on his last wish it's nothing to fuck with  
When I know what I want because you must think I'm a fool  
Claiming you love what I do and be out playing the Rule  
Bad move, more cars, more hoes, more jewels, and I'd love  
Nothin more than to see you (6 Feet Underground) doesn't  
Matter how we gonna get outta weed rollin it outta mindows  
Nor from adam? but we show them uh now we leave them niggas  
Creating a deal let it open so won't be goin (6 Feet Underground)  
Because I've feel I've cursed

My body and soul I been outta control ever since I fell in the zone  
I want nothin more than to see my niggas eat with me  
But my enemies want nothin more than to see me (6 Feet Underground)The Lord is calling me  
My demons haunt me this really tortures me  
'Cause they don't understand me  
And while I'm holdin up I know you smilin' down

It's free will emotion you know I'm high flickin' ashes  
At police while I'm ridin' by I'm ghetto I don't fear  
Is deeper than love if you want to get it nigga then  
Come on nigga get it in blood because I've feel I've cursed  
My body and soul I been outta control ever since I fell in the zone  
I want nothin more than to see my niggas eat with me  
But my enemies want nothin more than to see me (6 Feet Underground)The Lord is calling me  
My demons haunt me this really tortures me  
'Cause they don't understand me
