Greenlight

Jonas Brothers

[Verse 1: Nick Jonas]
Oh girl, I'd never change a thing about you
I fell in love with the way that you move
Got me eyeing all the things that you do
Make me never wanna leave the bedroom

[Pre-Chorus: Joe Jonas]
Ain't nobody in the world does it like you do
Got me begging you for more yeah it's nothing new
Before you came around yeah I was feeling blue
So tell me if you're down I'll fly you to the moon

[Chorus: Nick Jonas & Joe Jonas]
Just say I got the greenlight (Light)
The things we do past midnight (Night)
Just me and you and it feels right (Feels right)
Just an empty room and a greenlight
A greenlight (greenlight)

[Verse 2: Nick Jonas]
Thinking back to the night we met
Like a song that you can't forget
In this light it's a perfect view
Make me never wanna leave the bedroom

[Pre-Chorus: Joe Jonas]
Ain't nobody in the world does it like you do
Got me begging you for more yeah it's nothing new
Before you came around yeah I was feeling blue
So tell me if you're down I'll fly you to the moon

[Chorus: Joe Jonas & Nick Jonas]
Just say I got the greenlight (Light)
The things we do past midnight (Night)
Just me and you and it feels right (Feels right)
Just an empty room and a greenlight
A greenlight
Just say I got the greenlight (Light)
The things we do past midnight (Things we do)
Just me and you and it feels right (Feels right)

Just an empty room and a greenlight
A greenlight

[Bridge: Nick Jonas]
Greenlight
Greenlight, greenlight
Let me see your body move in the greenlight
Yeah, in the greenlight
I see your body move in the greenlight
Oh-oh-oh

[Chorus: Joe Jonas & Nick Jonas]
Just say I got the greenlight (Light)
The things we do past midnight (Past midnight)
Just me and you and it feels right (Feels right)
Just an empty room and a greenlight
The greenlight (The greenlight)
Just say I got the greenlight (Light)
The things we do past midnight (What we do)
Just me and you and it feels right (Feels right)
Just an empty room and a greenlight (Hey)
A greenlight

[Outro: Nick Jonas]
I see your body move in the greenlight
Yeah, in the greenlight
I see your body move in the greenlight, mm
