

Mixed Personalities (feat. Kanye West)

YNW Melly

Because I am hard, you will not like me
Say you want someone
Said you want someone
Say you want someone I think I got mixed personalities
This bitch switched up my whole mentality
This girl, she got mixed personalities
One day she's happy, then she mad at me
Say you want someone that'll love you
Someone who could please you
Someone who can kiss on and rub you
Fuck you like this, fuck you like that
Oh, now, I got mixed personalities
She got me stressin', singin' melodies
For her, I swear I'd catch a felony
Oh, Penelope
Say you want someone
Say you want someone
Said you want someone I swear to God, this girl be trippin', dawg
One day she Blooded, then she Crippin', dawg
You know I put it in the kittens, dawg
