

I Miss You

Brian McKnight

When she said bye bye, that's when I realized
that I wasn't so tough, Oh oh oh.
I had to get over it, at the point when I needed
her so much.
Then three months later my cell phone rang, from
a number that I never seen before;
Never thought, never dreamed, didn't know who it
could be.
I should have let it go to voicemail instead;
I said hello and she said (I miss you). She said (I
miss you). She said (I miss you).
I said hello and she said (I miss you). She said (I
miss you). She said (I miss you).
Now what am I gonna do?
She said she stays busy. Asked how I've been
doing? I said, I've been getting by. Oh oh oh.
She said that's she's sorry and if it's all possible
could we give it one more try.
I hear she's crying and I, I can't deny
I'm conflicted more than I ever been before. Oh
oh oh;
Never thought, never dreamed, can't believe that
this is real.
I should have send her on to voicemail instead;
I said hello and she said (I miss you). She said (I
miss you). She said (I miss you).
I said hello and she said (I miss you). She said (I
miss you). She said (I miss you).
Now what am I gonna do?
No way to know what tomorrow might bring, but
I'll be lying if I said I don't feel the same.
I've been silently
standing on the sideline watching her talk about
it, not even sure if I was back in the game.
I did my best to get you out of my heart, only
managed to get you out of my head.
When, I wasn't ready for the celly to rang, I took
a breath and;
I said hello and you said (I miss you)
(I miss you)
You said (I miss you)
I said hello and you said (I miss you)

You said (I miss you)
You said (I miss you)
I said hello and you said (I miss you)
You said (I miss you)
You said (I miss you)
I said hello and you said (I miss you)
You said (I miss you)
You said (I miss you)
Now what am I gonna do.
(I miss you) Oh oh (I miss you) Oh oh (I miss
you)
Oh oh oh (I miss you) Oh oh oh
(I miss you) (I miss you) Oh oh oh oh oh (I miss
you)
