

# Rudy

## Blood or Whiskey

There's someone coming down for you Rudy  
There's someone coming down for you  
There's someone coming down for you Rudy  
There's someone coming down for you  
I do it for you don't you know that  
I do it for you  
I do it for you don't you know that  
You know I do it for you  
You're causing problems in this town  
Drinking, drugs acting the clown  
I hope some day you realise  
You can't be living your life through these eyes.
