

# God Is Enough (feat. Flame & Jai)

Lecrae

(We so impressed)  
With them ladies  
Who be drivin' Mercedes  
Who be drivin' them crazy  
And we gotta be crazy  
(We so impressed)  
With them fellas  
Who be makin' them jealous  
Who be makin' them stellas  
And we gotta be crazy  
(I'm so impressed)  
King who on the throne  
Who left his heavenly home  
Never did a thing wrong  
They crucified him on  
A tree, there he made  
It was crazy how it set the stage  
For his resurrection from the grave  
That gets me amazed  
(You can be) the flyest man  
(With a) hundred grand in your hand  
Swag right, sag tight  
And a Gucci fan  
(You can) be the richest, be the smartest, be the hardest, all of that  
But I guarantee before I die they all are fallin' flat  
Used to want a lotta things  
All the stuff that's on TV  
Education, cars, and clothes  
Fashion lights and jewelry  
(Focused on the wrong stuff)  
Now I got my eyes on you  
And now I know that God is enough  
God is enough  
God is enough  
You are enough  
Never too much  
More than enough  
God is enough  
You are enough for me  
Party like the fast life, hurry this the last flight  
Chasin' all your dreams, this right here could be your last night  
And man you finally got your cash right

But it never seems to last right  
 You know you sick of lookin', you sick of chasin'  
 I think you know the truth, you just don't wanna face it  
 Your life is empty, though you havin' fun  
 You never satisfied, you never get enough  
 You go from thrill-seekin' to pill-poppin'  
 From heavy drinkin' to club-hoppin'  
 You just can't stop it, like you're a slave  
 And you chasin' nothin' all the way into the grave  
 Used to want a lotta things  
 All the stuff that's on TV  
 Education, cars, and clothes  
 Fashion lights and jewelry  
 (Focused on the wrong stuff)  
 Now I got my eyes on you  
 And now I know that God is enough  
 God is enough  
 God is enough  
 You are enough  
 Never too much  
 More than enough  
 God is enough  
 You are enough for me  
 Lord is my Shepherd, I shall not want  
 Takes away my fears, you restore my soul  
 Off into the sky, the dead in Christ arise  
 To be with you forever, see with the clearest eyes  
 Quench my inner thirst, there's something more in life  
 No money, cars, relationships compare to joy in Christ  
 Love that falls from selfish ones that like to flirt with self-destruct  
 No need to stut, know what I want, to keep it, but my God's enough  
 Used to want a lotta things  
 All the stuff that's on TV  
 Education, cars, and clothes  
 Fashion lights and jewelry  
 (Focused on the wrong stuff)  
 Now I got my eyes on you  
 And now I know that God is enough  
 God is enough  
 God is enough  
 You are enough  
 Never too much  
 More than enough  
 God is enough  
 You are enough for me  
 I don't need these worldly things, no-oh  
 I don't need these worldly things, no-oh  
 More of you and less of me, G-od  
 More of you and less of me, G-od  
 I don't need these worldly things, no-oh  
 I don't need these worldly things, no-oh  
 More of you and less of me, G-od  
 More of you and less of me, G-od  
 God is enough

God is enough  
God is enough  
You are enough  
Never too much  
More than enough  
God is enough  
You are enough for me
