

# Night That You'll Never Forget

## Love and Theft

You showed up at the party;  
you wasn't gonna stay too long,  
but that all changed up when your song came on.  
Somebody handed you a cup -  
so you went with the flow and you filled it on up. You feel the buzz in your bones,  
and then you started makin' the rounds.  
You know all too well what's about to go down.  
You say, "Hold up; I better go!"  
Yeah, right, next thing that you know... You look up and it's two in the morning.  
You're still sippin' whatever they're pourin'.  
You got your shades on,  
you got your drink up;  
like a VIP at the night club.  
You kissed a girl and she told you her secrets.  
She's so hot,  
you still can't believe it's true.  
It ain't over yet,  
but it's gonna be a hard-to-remember night  
that you'll never forget. Now your phone's filled with pictures  
that you didn't take.  
And that's you throwing deuces with what's-her-name.  
And there's your boys right there,  
tailgate poker table, all in on a pair. Here come the country girls  
that wanna dance,  
all on ya,  
wanna rock your world.  
It was supposed to be a regular night,  
(regular night)  
but now you're like,  
"To the left, to the left, to the right!"  
You look up and it's three in the morning;  
you're still sippin' whatever they're pourin'.  
You got your shades on,  
you got your drink up;  
like a VIP at the night club. You kissed a girl and she told you her secrets.  
She's so hot,  
you still can't believe it's true.  
It ain't over yet,  
but it's gonna be a hard-to-remember night  
that you'll never forget. To the left,  
to the left,  
to the left,

to the right! You look up, and it's four in the morning;  
you're still sippin' whatever they're pourin'.  
You got your shades on,  
you got your drink up.  
Here's to the nights that memories are made of! You kissed a girl, and she told you her secrets.  
She's so hot,  
you still can't believe it's true.  
It ain't over yet,  
but it's gonna be a hard-to-remember night  
that you'll never forget. To the left,  
to the left,  
to the left,  
to the right! To the left,  
to the left,  
to the left,  
to the right!
