

# Hear Me Calling

## Juice WRLD

[Intro]

Ring, do you hear me calling?  
Purps On The Beat  
Me no want no drama

[Chorus]

Do you hear me calling?  
Do you hear me calling?  
Me no want no drama  
Not a fighter, a lover  
Do you hear me calling?  
Do you hear me calling?  
Me no want no drama  
I just want you, my darling

[Verse 1]

Break away and make a way to make it  
Love the way you lookin' when you naked  
Treat your heart just like a blunt of OG  
Roll it up, I kissed it and I smoke it  
Gots to be joking  
Where in the fuck did you think you were going?  
Foldin' and packin' your clothes like you ain't know I was gon' unfold it  
Wine glass full of your emotions  
Oh, Pinot Grigio, sippin', beautiful, heaven-soul woman  
Me don't know, let me know, let me  
In your heart, don't you dare forget me  
I'm your fan, your posters on my walls inside my head, yeah, yeah  
I'm your fan, your posters on my walls inside my head, yeah

[Chorus]

Do you hear me calling?  
Do you hear me calling?  
Me no want no drama  
Not a fighter, a lover  
Do you hear me calling?  
Do you hear me calling?  
Me no want no drama  
I just want you, my darling

[Verse 2]

You drive me insane, no girl make me feel this way  
Wait girl, you got your ways, girl you are my getaway  
Wait, let me keep you safe  
In exchange, give me brain, brain  
You my main thing, turn around, bang bang  
Hit the beach in LA like you a beach ball  
Me and you in the Lambo truck, you start it up and skrrt off  
We park after dark at the park by the mansion, take your skirt off  
Oh, me can't wait to get all up inside of it  
My heart is racing, every time I'm tastin' it  
Wait until the drugs fade out  
Hate making love when I'm faded  
That's because I wanna feel it  
Girl, you give me the best feelin'  
Yes, girl you're the best, take away stress, love me to death  
Even when I'm a mess

[Chorus]

Do you hear me calling?  
Do you hear me calling?  
Me no want no drama  
Not a fighter, a lover  
Do you hear me calling?  
Do you hear me calling?  
Me no want no drama  
I just want you, my darling (Darling)

[Outro]

Ring, do you hear me calling?  
Me no want no drama  
Ring, do you hear me calling?  
Me no want no drama
