

Think You Oughta Know That

Parmalee

When things get tough you just walk away, say
You don't wanna leave, but
You ain't gonna stay, if
Things are gonna stay, like
They been going lately
Baby But I don't know what you need to hear
I'll try to keep you near
I'll dry up all your tears
I'll tell you that I love you
Want you, what more can a man do?
Baby stay, lay back down in our bed
Try like hell to get back
What we've been missing lately
Through good and bad I've been here
And I ain't goin' nowhere
Baby you should know that
By now you oughta know that I ain't the kind to love just 'cause it's easy
Run when it gets harder
Stay because I'm lonely
It kills me you don't know me
If only you could see inside me You will stay, lay back down in our bed
Try like hell to get back
What we've been missing lately
Through good and bad I've been here
And I ain't goin' nowhere
Baby you should know that
I think you oughta know that
Baby stay, lay back down in our bed
Try like hell to get back
What we've been missing lately
Through good and bad I've been here
And I ain't goin' nowhere
Baby you should know that
I think you oughta know that
