

# Hoppin'

Cole Swindell

[Intro]

Here we go y'all  
It's going down tonight

[Verse 1]

Me and the boys, headed down to the club  
Rolling 5 deep, all packed in the truck  
Kicking up dust, we 'bout to bust through the door  
They ain't ever seen nothing like us before  
But they about to  
Who's with me, how about you  
Yeah

[Chorus]

It's about to get  
Hoppin' in here, hoppin' in here  
Talking girls pouring the shots  
Boys spilling their beer  
Everybody dancing with their hands up  
The DJ playing what you wanna hear  
If you rocking the smoke, rocking the drink  
If you ain't gonna stop, then you rolling with me  
We'll worry 'bout tomorrow when we wake up  
Getting right tonight before it disappears  
It's about to get hoppin' in here, hoppin' in here  
It's about to get hoppin' in here, hoppin' in here

[Verse 2]

No, we ain't the only ones came here with a plan  
The hot girl in the corner's got four hot friends  
A couple 10-10's, gather down and we're in  
So it's a win-win, cause we 'bout to get bent  
In a good way, looks like we found the right place  
Hey

[Chorus]

It's about to get  
Hoppin' in here, hoppin' in here  
Talking girls pouring the shots  
Boys spilling their beer

Everybody dancing with their hands up  
The DJ playing what you wanna hear  
If you rocking the smoke, rocking the drink  
If you ain't gonna stop, then you rolling with me  
We'll worry 'bout tomorrow when we wake up  
Getting right tonight before it disappears  
It's about to get hoppin' in here, hoppin' in here

[Bridge]

It's about to get hoppin'  
No we ain't stopping  
We're gonna keep rockin'  
Till the cops come knockin'

[Chorus]

It's about to get  
Hoppin' in here, hoppin' in here  
Talking girls pouring the shots  
Boys spilling their beer  
Everybody dancing with their hands up  
The DJ playing what you wanna hear  
If you rocking the smoke, rocking the drink  
If you ain't gonna stop, then you rolling with me  
We can worry 'bout tomorrow when we wake up  
Getting right tonight before it disappears  
Oh yeah, it's about to get hoppin' in here, hoppin' in here  
It's about to get hoppin' in here, hoppin' in here  
Hoppin' in here, oh yeah

[Outro]

Everybody, everybody got their hands up  
It's a party tonight  
We'll worry about tomorrow when we wake up  
Ha ha
