

# The Lie You Bleed For

## Heaven Shall Burn

This is the war you called  
And I'm the one who came to judge you.  
Too soon your gods will leave,  
This is the day of your defeat.  
Welcome the newborn slaves,  
Forgotten and betrayed.

Just burn it down.  
Black skies will rise  
And overshadow your demise.  
Long for the peace of surrender.  
Just stare into the void.

Welcome the newborn slaves,  
Disfranchised and betrayed.  
Just feed your new found hate,  
A force nothing will break.

Just burn it,  
Just burn it down.  
It's in the air you breathe,  
An everlasting poison,  
An order of deceit,  
It is a lie you bleed for.  
It's in the words you speak,  
Faint echoes of deception.  
When will you ever see  
No one will set you free.  
Welcome the newborn slaves,  
Forgotten and betrayed.

Long for the peace of surrender.  
Just stare into the void.  
It's in the air you breathe,  
An everlasting poison,  
An order of deceit,  
It is a lie you bleed for.  
It's in the words you speak,  
Faint echoes of deception.  
When will you ever see  
No one will set you free.  
Und damit du es verstehst,  
Du folgst den falschen Führern.  
Der Kampf ist nie vorbei,  
Du bist nicht frei.  
It's in the air you breathe,

An everlasting poison,  
An order of deceit,  
It is a lie you bleed for.  
It's in the words you speak,  
Faint echoes of deception.  
When will you ever see  
No one will set you free.
