

# Ghost

## Sir Sly

[Verse 1]

Go ahead and stand up straight  
Straight against the wall  
Why did I go before you?  
Pick you up when you fall  
Was I too drunk to say what I said to you  
Was I too blind to go and see straight through you

[Chorus]

Ghost  
You're a ghost  
You're a ghost  
You're a ghost  
You're a ghost

[Verse 2]

You flew out on a plane  
And crashed into the ocean  
And then you haunted me  
Don't have a clue what's in motion  
So every now and then it feels so soothing  
When you float on a bit and move right through me

[Chorus]

Ghost  
You're a ghost  
You're a ghost  
You're a ghost  
You're a ghost

[Bridge]

Yeah  
One, two, three, four

Get up  
Save face  
Find your way back to the grave  
Undead go find your way back home

Get up  
Save face  
Find your way back to the grave  
You'll never find your way back home  
You're a ghost

[Outro]

Get up

Save face

Find your way back to the grave (you're a ghost)

Undead go find your way back home (you're a ghost)

Get up

Save face

Find your way back to the grave (you're a ghost)

You'll never find your way back home (you're a ghost)

You're a ghost

You're a ghost

You're a ghost

You're a ghost

You're a ghost
