

# All I Need Is You

Lecrae

All I need is you  
Ooooh  
All I need is you  
To keep in my time zone When my mind's gone  
And I'm flyin home And I'm stressed out And I'm tempted to get that Styrofoam  
And go pour it up But you know what's up  
And you know it ain't goin solve nothin I mean Lord forbid I might fall into something And I'm  
all or nothin cuz  
(All I need is you)  
To hold me down like bed straps in a psych ward  
It's killin' me but you still with me when I fight hard and  
(All I need is)  
You diggin' me when I'm igging you Get with me when my car's pulled  
Coulda dealt with me but you fell for me before I fell for you  
(All I need is you) To keep my on that right path and the right math Cuz you plus nothing is  
everything  
You're my everything  
(All I need is)  
Ain't gotta question my allegiance Cuz the way you love me I could never leave you  
I need you  
(All I need is you)  
By my side  
Thick and thin  
Highs and lows  
Don't let go (All I need is)  
We goin ride  
We goin win  
Don't know how  
All I know  
You, all I ever needed  
You're all I ever needed  
You, all I ever needed  
You're all I ever needed  
(All I need is you)  
Uh, how did I fall in this  
No condition that I mention but you're all for this  
Unconditional love I swear I sell it all for this  
Tryna keep it together forgive my awkwardness  
But uh, often it's just you and me off in this  
Valley of shadows and I know they're tryna pick off in this  
But all I need is you  
It's funny just how off I get when I ain't riding with you

No adjectives for your awesomeness  
Uh, they burning one for that burn out  
This life it got them all turnt out  
Took time now to put time in  
So I turn to you when I'm worn out  
(All I need is you)  
You slow me down cuz you know me now  
With my phony smile and I'm acting like it's all copacetic  
It's so pathetic so juvenile  
(You know what you do)  
You keep me cool in the summer  
When they be dressing less and I be wanna show off a stunt  
There ain't nothin I want  
You give me all that I need  
All I need is you to keep that fire burning from me  
All I need is you  
By my side  
Thick and thin  
Highs and lows  
Don't let go  
(All I need is)  
We goin ride  
We goin win  
Don't know how  
All I know  
(All I need is)  
You, all I ever needed  
You're all I ever needed  
(All I need is)  
You, all I ever needed  
You're all I ever needed  
Ain't nobody goin get in the way  
Put that all my money in the bank  
Cuz you do what them mothers can't  
And I love that, yeah  
We goin ride til the rims fall off  
Above it all we can never fall, yeah  
Hold my hand we can have it all  
Hold my hand we can have it all  
(All I need is you)  
By my side  
Thick and thin  
Highs and lows  
Don't let go  
(All I need is)  
We goin ride  
We goin win  
Don't know how  
All I know

(All I need is)  
You, all I ever needed  
You're all I ever needed  
You, all I ever needed  
You're all I ever needed  
You always fill me up when I'm feeling down  
You always make it better for me somehow  
All I need is you, whoa oh  
All I need is you, whoa oh  
(All I need is you)
