

Ashes

Erik Dylan

[Verse 1]

You gotta live your life with purpose
'Til your train runs out of track
Don't get caught up in this circus
Be just another sideshow act
If you ain't livin' boy you're dyin'
Gotta take the sunshine and the pain
And let your scars shine like diamonds
Thank the Lord you're in the game

[Chorus]

Ashes to ashes and dust to dust
Dance in the rain until you rust
Don't let the small stuff way you down
'Cause you just get one go 'round

[Verse 2]

Sometimes you gotta pull the anchor
Sell into the deep unknown
Don't be afraid to love another
Even if she cuts you to the bone

[Chorus]

Ashes to ashes and dust to dust
Dance in the rain until you rust
Don't let the small stuff way you down
'Cause you just get one go 'round
Round, round

[Chorus]

Ashes to ashes and dust to dust
Dance in the rain until you rust
Don't let the small stuff way you down
'Cause you just get one go 'round

[Outro]

You just get one go 'round
