

With a Wonder and a Wild Desire

Flogging Molly

So I will pave this road 'till glory sets our broken spirit free
From every cross-soaked nail pours endless rain with tears no eye should see
But they could fill our highest ocean and the rivers in between
With every blade that flowers must grow then drown with love, our cruelest sea
So with a wonder and a wild desire
I will crawl from under every weight
With a wonder and a wild desire
Bless the day it was I shared your name
Yesterday forever speaks your grave
Hail the shower from the broadside to the heavens down
below
Draw one last breath from your fanning ship, sink the hunger in us all
Shake the hand that speaks of freedom, kiss hate one final bow
Till each twilight falls then rests till dawn and tomorrows never sleep
So with a wonder and a wild desire
I will crawl from under every weight
With a wonder and a wild desire
Bless the day it was I shared your name
With each word forever speaks your grave
And of the fool we shall not mention
That depraves the cries of youth
Drag not your strength from government
But from the voices they abuse
So with a wonder and a wild desire
I will crawl from under every weight
With a wonder and a wild desire
Bless the day it was I shared your name
Yesterday forever speaks your grave
Only time will tell when this reign of hell shall wither in
defeat
Separate the bread they forgot to share to the mouths still left to feed
Though this body ached then disappeared into the ground, our seeds
He said, "I'd, I'd always comfort thee"
So I will pave this road to glory
Much as the broken spirits soar
Resonate with perfect reason
Shut life's last gloomy door
So with a wonder and a wild desire
I will crawl from under every weight
With a wonder and a wild desire
Bless the day it was I shared your name
With a wonder and a wild desire
I will crawl from under every weight
With a wonder and a wild desire
Bless the day it was I shared your name
Yesterday forever speaks your grave
