

Chess Not Checkers

Cal Scruby

[Intro]

I got the recipe, cook it up

[Chorus]

This is chess, not checkers, y'all just talkin' reckless

I'm not here for second place, I want broken records

Chess, not checkers, I want all the pressure

Pressure over time, that equal diamonds on my necklace

Chess, not checkers, y'all just talkin' reckless

I'm not here for second place, I want broken records

Chess, not checkers, I want all the pressure

Pressure over time, that equal diamonds on my necklace

[Verse 1]

Check my effort, y'all not on my level

My bag Laurent thousand dollar duffel

Check my weapon, no Smith & Wesson

.30 with extension, fight off my depression

Bob and weave, in and out the beav'

Pick up the food, it's ramen, sushi, Japanese

Met my needs, minimum relief

Had to bite the hand that feeds, had to see it bleed

Please don't change, I'm so entertained
When you crash and burn, I can't look away
Watch, in slow-mo, use that just to promo
Breakdown the game for you like I'm Tony Romo

[Chorus]

This is chess, not checkers, y'all just talkin' reckless
I'm not here for second place, I want broken records
Chess, not checkers, I want all the pressure
Pressure over time, that equal diamonds on my necklace
Chess, not checkers, y'all just talkin' reckless
I'm not here for second place, I want broken records
Chess, not checkers, I want all the pressure
Pressure over time, that equal diamonds on my necklace

[Verse 2]

You dead, you sorry, y'all should beg my pardon
One step up like Channing Tatum, two step back like Harden
That's wet, that's soakin', your shit look broken
Green light I shoot my shot, they left you open
Hits, no misses, no photo please no pictures
Paranoid don't be suspicious, that pussy v' nutritious
Ambitions, impressive, y'all don't ask no good questions
This shit not my profession, this is my obsession

[Chorus]

This is chess, not checkers, y'all just talkin' reckless

I'm not here for second place, I want broken records

Chess, not checkers, I want all the pressure

Pressure over time, that equal diamonds on my necklace

Chess, not checkers, y'all just talkin' reckless

I'm not here for second place, I want broken records

Chess, not checkers, I want all the pressure

Pressure over time, that equal diamonds on my necklace
