

# Spotlight (feat. Usher)

## Gucci Mane

It feels so good to be back!  
Yeah, Polow, Usher baby, Zone 4  
How you doin' Gucci? Yeah, Zone 6 'Cause the spotlight ain't nothin' without ya girl  
And the dance floor ain't nothing without ya girl  
You a show-stopper, whoa  
Lets get it poppin, whoa 'Cause the spotlight ain't nothin' without ya girl  
And the dance floor ain't nothing without ya girl  
You a show-stopper, whoa  
Lets get it poppin, whoa Rose by the fifty  
Uh, now she tipsy  
Slow dancing in my mansion  
With no panties, want to get me  
Three girls, Gucci trippin'  
That's a lot of women  
Expensive denim jeans on  
Designer heels, ya feel me? I don't want no violence  
But damn, she tryin' to kill me  
She tryin' to make me feel her  
I'm trying to make her feel me She just had a long day  
Know I got that long cake  
I give her that long stroke  
I fuck with her the long way 'Cause the spotlight ain't nothin' without ya girl  
And the dance floor ain't nothing without ya girl  
You a show-stopper, whoa  
Lets get it poppin, whoa  
'Cause the spotlight ain't nothin' without ya girl  
And the dance floor ain't nothing without ya girl  
You a show-stopper, whoa  
Lets get it poppin, whoa Baby, we okay-ay  
Where you want to go today?  
No, she not a prostitute  
But if she was I'd have to pay Say, lay, you can stay?

Tell your girl no need to front  
She want to participate Gucci on Eliminate
