

WHERE YA AT

HARDY

Where ya at?

Cold beer sipper

Camo'd out, little Skoal mint dipper

Chicken liver catfish lip ripper

Patch on your shirt with your daddy's name

Where ya at?

Carhartt king

Ridin' around with your Marlboro queen

Making a big loud Mapco scene

With a cloud of smoke when you drive away

Yeah, there's rednecks in the north

Hell, there's rednecks in the south

And we all got some kinda twang

Little country slang coming out our mouth

Stacking bales, spraying the Stetson

Raisin' hell but saying the blessin'

I know you're out there

Toting a shotgun, I just got one little question

Where ya at?

Oklahoma to Winona, Mississippi

Where ya at?

Macon, Georgia, California, Bossier City

Country pride is country wide

Yeah, we all climbing that podunk ladder

So put ya long neck up

If ya got a little hick in your blood

Then it really don't matter

Where ya at?

Aw, where ya at?

I'm talkin' moonshine makin'

Conway crankin'

Neon chasing folks

You know them diesel drivin'

Country boy survivin'

Clampetts coast to coast

Let ya cross tattoo and your colors show

Y'all, I just wanna know

Where ya at?

Oklahoma to Winona, Mississippi

Where ya at?

Macon, Georgia, California, Bossier City

Country pride is country wide

Yeah, we all climbing that podunk ladder

So put ya long neck up

If you got a little hick in your blood

Then it really don't matter

Where ya at?

Where ya at?

To the United States of America

If you're ready to get lit on a Friday night

If you're a hard working country music loving fried tomato eating

Shirt off your back giving salt of the earth bad motherfucker

I just wanna know one thing

Where you at?

Where ya at?

Oklahoma to Winona, Mississippi

Where ya at?

Macon, Georgia, California, Bossier City

Country pride is country wide

Yeah, we all climbing that podunk ladder

So put ya long neck up

If you got a little hick in your blood

Then it really don't matter

Where ya at?

Where ya at?
