

# Let You Know

## King Henry

I wanna let you know

I wanna let you know

I'll never let you go

'Cause we can do more like no one before

I wanna let you know

I wanna let you know

I'll never let you go

'Cause we can do more like no one before

I wanna let you know

I wanna let you know

I'll never let you go

'Cause we can do more like no one before

I wanna let you know

I wanna let you know

I wanna let you know

I'll never let you go

'Cause we can do more like no one before

I wanna let you know

I wanna let you know

I'll never let you go

'Cause we can do more like no one before

I wanna let you know

I wanna let you know

I'll never let you go

'Cause we can do more like no one before

I wanna let you know

I wanna let you know

I'll never let you go

'Cause we can do more like no one before

I wanna let you know

I wanna let you know

I'll never let you go

'Cause we can do more like no one before
