

Mr. Nice Watch (feat. JAY-Z)

J. Cole

Yeah, everybody got a bad side
Drop, let me see that shit
What you say Cole ain't hot? What!
Where you read that shit?
You believe that shit?
All cause some lame nigga tweet that shit
Have you seen my shows, have you seen my hoes?
If I wasn't hot would they be so thick?
Guess not, got the game in a headlock
I'm blasting at, I'm laughing at you old niggas, Redd Foxx
Don't mind me boy, I'm red hot
Umm nigga, they not,
I'm over here, I'm over there
I'm everywhere they not
(I said)
You'll never play me, nice try
Ballin' in the night spot
No more Mr Nice guy, hello Mr Nice watch
You don't want no problems, put yourself in a tight spot so
You can look but don't touch
I'll stay on my toes like them White Sox
Cause it cost me a lot
My chain and my watch
They say time is money, but really it's not
If we ever go broke girl, than time is all we got
And you can't make that back, no you can make that back so
Lets ball while we here
Lets ball while we here
Like ain't no tomorrow, like ain't no next year
Drink away all our problems, make it rain with no care
Like I'll make that back, fuck it I'll make that back
GoNice watch
Nice watch (I know)
Nice watch
No more Mr Nice Guy, hello Mr Nice Watch
Stack on black, I ain't never been a high roller
Now its racks on racks
Never thought that I would ride Rover
But I'm back on track, add to the fact that I never really drive sober
Cole World but I'm hot as shit
Do that mean that I'm Bi-polar?
Young black and gifted, I rap like it's Christmas eve

Coach wouldn't let him off the bench, no wonder why they quit the team
 But, I'm cut from a different sleeve
 Cole World so the wrist'll freeze
 Hurry up with your pictures please
 I gotta make history It cost me a lot, my chain and my watch
 They say time is money, but really it's not
 If we ever go broke girl, than time is all we got
 And you can't make that back, no you can't make that back so
 Lets ball while we here
 Lets ball while we here
 Like ain't no tomorrow, like ain't no next year
 Drink away all our problems, make it rain with no care
 Like I'll make that back, fuck it I'll make that back
 Go Nice watch
 Nice watch (I know)
 Nice watch
 No more Mr Nice Guy, hello Mr Nice Watch I got a Hublot I call it Tebow
 I strap that bitch with a Gator band
 Y'all niggas ball half time ya'll niggas like the gator band
 Y'all niggas need a timeout, who got these niggas all wind up
 Cocksucka I'm 7.30, y'all know where you'll niggas gon wind up
 No more Mr Nice Guy, hello Mr Nice Watch
 Only but a matter of time 'fore I hit ya'll niggas with the nice shot
 Y'all niggas, better not call the law
 Get no blood on my Audemar
 Meaning ya'll better not waste my time
 When y'all ready I'll take you all to war
 Meanwhile I'm just chopping off doors
 Put the front on the back cause I'm back and forth
 Put the front on the back of the 'bach like a boss
 So I fronting on niggas when I'm backing off
 Uh, what up Cole, show time
 Let these niggas know
 Adjust ya Roley's on these muthafucking hoes
 Whenever you ready, go! It cost me a lot, my chain and my watch
 If we ever go broke, girl, then time is all we got
 (Oh yeah, oh yeah)
