

# 1 of the Hardest

## PRhyme

I swear I'm one of the hardest niggas  
That's out here doing the shit right now  
I swear I'm one of the hardest niggas  
That's out here doing the shit right now I swear I'm the truth Holmes  
I'm that blue chrome coupe with the roof gone  
That's two-tone, I'm that dudes own, talking on two phones  
While my new hoes eat out my palm like, like one of my loot homes  
Like all night, I'm the product of group home  
I'm a superstar like Lupe Fiasco's The Cool  
Save your theatrics for fools  
I'm a Alcatraz spazzes, spittin' Alcatraz, blastin' pistols  
Numbing the laughin' gas, the niggas is gassin'  
To be the best you gotta have the respect  
I do the same to you that I do to the Alphabet  
I put the A, the B, the C, D, E, and the F in the back of a EMS  
Before I go back to doing anything in rap for a G unless  
I black but niggas like DMX, don't bark  
It's dark and Hell is hot like a furnace is  
When I was 16 caught the same clap pop taught me  
About when I was turning 6  
I guess I just wasn't listenin',  
Bet you still couldn't hold a candle to my burnin' dick  
My wife whip like nice stick, life lit like a burnin' wick  
Stay sharper than a icepick  
You'll probably have to measure my clip  
By height and width  
Try me then I will just put the writing on the wall  
Like fuckin' hieroglyphs  
I'm in the street like tire skids, I admit  
I'm one of the hardest niggas  
That's out here doing the shit right now  
I swear I'm one of the hardest niggas  
That's out here doing the shit right now  
I swear I'm the answer,  
Got angels floatin' around my niggas that's angry looking  
Like trigger the gamblers  
Move the hustle nigga my language broken  
My lyrics is written for like-minded individuals, age appropriate  
The cage is open to all of you animal rappers, I got a old chick  
With vintage vagina who look just like Angela Bassett  
I got a young cute chick who look just like Dej Loaf  
And I take em both to the days end, I wake up focused

Go to sleep with the face of ages, here to with the ears of focus  
Buggin' on these niggas and then I pray for roaches  
I'm Doctor Oz and Doctor Bombay  
Ryan's a popular hombre  
For those of y'all who play ferocious, I am like Harambe  
I take your wife and fiancé, I take your life and ya mom's egg  
So I don't pull no muscle flippin' nobody off  
I take advice with my arms raised, I'm the incredible  
I got the chart remains of the dead in my cellar spoof  
I got celery chart, Romaine in my lettuce juice  
I got 2 pistols, I let 'em loose called Betty Boop and Petty Sue  
I leave venom in every booth, I'm reinvented  
Head on a beach in Venice from a chick from Finland  
Who's finished, as soon as she's finished I tell her you finished  
Because I'm  
I'm one of the hardest niggas  
That's out here doing the shit right now  
I swear I'm one of the hardest niggas  
That's out here doing the shit right now  
I swear Hard...Hard...Hard...Hard...Hard...Hard...Hard...  
(Muthafuckin' hard!)  
Hard...Hard...Hard...Hard...Hard...  
(Muthafuckin' hard!)  
Hard...Hard...Hard as Hell!
