

Somebody To Die For

Hurts

I could drag you from the ocean
I could pull you from the fire
And when you're standing in the shadow
I could open up the sky And I could give you my devotion
Until the end of time
And you will never be forgotten
With me at your side Cause I don't need this life
I just need...
I've got nothing left to live for Got no reason yet to die
But when I'm standing in the gallows
I'll be staring at the sky
Because no matter where they take me
In death I will survive And I will never be forgotten
With you by my side
And I don't need this life
I just need... Somebody to die for
Somebody to cry for
When I'm lonely
When I'm standing in the fire I will look him in the eye
And I will let the devil know That I was brave enough to die
And there's no Hell that he can show me
That's deeper than my pride
'Cause I will never be forgotten
Forever I'll fight And I don't need this life
But I need...
Somebody to die for
Somebody to cry for
When I'm lonely
And I don't need this life
I just need...
Somebody to die for
Somebody to cry for
When I'm lonely
Don't go gentle into the good night
Rage on against the dying light
