

Take Names Off (feat. Nonchalant Savant)

TiRon & Ayomari

(TIRON)

What I get?

What I get?

What you get me

Do it fit me?

Is it shiny

Is it pretty?

Big or tiny?

I dipping in and out of good and bad

But forgiving what they tell us

I don't care to make em jealous

Please gimmie gimmie gimmie

Let me get hint

Get a feel

Get a scent

Chamomile or cinnamon

EBT or Benjamin's

Either way I'm with it

Like I hit a million

Like the ceiling ain't a limit

Like I'm really winning

Like the feeling ain't equivalent

If gratitude ain't matching it

Accident'll happen

But your fashion is your cool

And your style is your smile

And your flave is your mood

And your wave is the move

So just move it

(NONCHALANT SAVANT)

On this Christmas

It's hard to sleep

Can't wait to wake up

Santa ate the whole plate up

And I know tonight he'll be bringing us

And i know tonight he'll be bringing us

(AYOMARI)

I stayed up all night up all night

No wink of sleep

Thinking thinkin

Curious cat

Gifts to unwrap quick

I'ma I'ma Santa momma momma

What you get me get me?

Pantomiming the moment

My home like the MOMA on Christmas

Fishing fishing for my name

Who present this is?

Is this mine mine

My mind dopamining I mean

Is this the new P.S.?

Say yes

I guess this a sweater

Swear it feel super soft

Super duper awesome

(NONCHALANT SAVANT)

On this Christmas

It's hard to sleep

Can't wait to wake up

Santa ate the whole plate up

And I know tonight he'll be bringing us

And i know tonight he'll be bringing us

(NONCHALANT SAVANT & AYOMARI)

Don't make a peep

Hope you been good

They think you're sleep

Hope you been good

Don't make a peep
