

Unstoppable

Chloe x Halle

[Verse 1]

You're incredible
I think you should know
'Cause some people tend to change like the radio
So dependable
There to help me grow
Like a perfect melody on the piano

[Pre-Chorus]

When I'm wrong
You overlook my flaws
You tell me that I'm irreplaceable (Oh oh)
If I'm weak, then you're strong
You help me to move along
And I'm never gonna let you go

[Chorus]

Together we can make it
See it and we'll take it
Feels like being famous
We are unstoppable
When we're together
Rain or stormy weather
Calling now or never
We are unstoppable

[Post-Chorus]

Be unstoppable, be unstoppable
Stronger
Be unstoppable, be unstoppable
Wiser
Be unstoppable, be unstoppable
Unstoppable
Be unstoppable, be unstoppable
Unstoppable

[Verse 2]

Answer when I call
Catch me when I fall
Come to my rescue when my back's up against the wall
You're a piece of me
Make it fun to be
The kind of friend I know sees the best in me

[Pre-Chorus]

When I'm wrong
You overlook my flaws
You tell me that I'm irreplaceable (Oh oh)
If I'm weak, then you're strong
You help me to move along
And I'm never gonna let you go

[Chorus]
Together we can make it
See it and we'll take it
Feels like being famous
We are unstoppable
When we're together
Rain or stormy weather
Calling now or never
We are unstoppable

[Post-Chorus]
Be unstoppable, be unstoppable
Stronger
Be unstoppable, be unstoppable
Wiser
Be unstoppable, be unstoppable
Unstoppable
Be unstoppable, be unstoppable

[Bridge]
Any day or night
When in flight
You gotta friend in me
You gotta friend
Got to make things right everytime
You gotta friend in me, yeah
You gotta friend, oh

[Pre-Chorus]
When I'm wrong (When I'm wrong)
You overlook my flaws
You tell me that I'm irreplaceable (You tell me that I'm irreplaceable)
If I'm weak, then you're strong
You help me to move along (Hey)
And I'm never gonna let you go

[Chorus]
Together we can make it
See it and we'll take it
Feels like being famous
We are unstoppable
When we're together
Rain or stormy weather

Calling now or never
We are unstoppable

[Post-Chorus]

Be unstoppable, be unstoppable
Stronger (Be unstoppable, be unstoppable)
Be unstoppable, be unstoppable
Wiser
Be unstoppable, be unstoppable
Unstoppable
Be unstoppable, be unstoppable
