

# Call Me Tonight

Ava Max

Slip, slippin' on my Versace, New York party  
Icy drip, drippin' on emerald snake, thank you Bvlgari  
Get there quick  
My chauffeur drove me back like a performer  
I went straight, straight to dance and saw you You're lookin' for danger, hungry eyes  
Are you sure? Are you free? Are you mine?  
Looking for a stranger, fantasize  
Don't let go, let me out of your sight You got me thinkin'  
If you don't, don't know my name  
Then baby you can just call me tonight  
If I go, you'll go insane  
Then baby you can just call me tonight  
Call me tonight, Call me tonight  
Just call me tonight  
Break, break your heart in the mornin', don't you worry  
And I'll fly, fly away before it's love, before you've boarded  
Can't be grieving, no, I'm always leaving  
When the sun is beating, I've beat it You're lookin' for danger, hungry eyes  
Are you sure? Are you free? Are you mine?  
Looking for a stranger, fantasize  
Don't let go, let me out of your sight You got me thinkin'  
If you don't, don't know my name  
Then baby you can just call me tonight  
If I go, you'll go insane  
Then, baby, you can just call me tonight  
Call me tonight, call me tonight  
Just call me tonight Empty out your hands, pour me in your glass  
If you need a light, I can be your match  
I glow in the dark, take you to the clouds  
You got me thinkin'  
If you don't, don't know my name  
Then baby you can just call me tonight  
If I go, you'll go insane  
Then baby you can just call me tonight  
Call me tonight, call me tonight  
Just call me tonight Call me tonight
