

Mama

My Chemical Romance

[Verse 1]

Mama, we all go to hell
Mama, we all go to hell
I'm writing this letter and wishing you well
Mama, we all go to hell
Oh well, now, Mama, we're all gonna die
Mama, we're all gonna die
Stop asking me questions, I'd hate to see you cry
Mama, we're all gonna die

[Chorus]

And when we go, don't blame us, yeah
We'll let the fires just bathe us, yeah
You made us oh, so famous
We'll never let you go

[Post-Chorus]

And when you go, don't return to me, my love

[Verse 2]

Mama, we're all full of lies
Mama, we're meant for the flies
And right now, they're building a coffin your size
Mama, we're all full of lies

[Pre-Chorus]

Well, mother, what the war did to my legs and to my tongue
You should've raised a baby girl, I should've been a better son
If you could cuddle the infection, they can amputate at once
You should've been, I could have been a better son

[Chorus]

And when we go, don't blame us, yeah
We'll let the fires just bathe us, yeah
You made us oh, so famous
We'll never let you go

[Post-Chorus]

She said, "You ain't no son of mine
For what you've done, they're gonna find

A place for you and just you mind your manners when you go
And when you go, don't return to me, my love," that's right!

[Verse 3]

Mama, we all go to hell
Mama, we all go to hell
It's really quite pleasant, except for the smell
Mama, we all go to hell (One, two, three, four!)

[Breakdown]

Mama! Mama! Mama! Oh!
Mama! Mama! Mama! Ma...

[Bridge]

"And if you would call me a sweetheart
I'd maybe then sing you a song..."
But there's shit that I've done with this fuck of a gun
You would cry out your eyes all along!

[Outro]

We're damned, after all!
Through fortune and flame, we fall!
And if you can stay, then I'll show you the way
To return from the ashes you call!
We all carry on (We all carry on!) when our
Brothers in arms are gone! (When our brothers in arms are gone!)
So raise your glass high, for tomorrow, we die
And return from the ashes you call!

[Instrumental Outro]
