

Stylo (feat. Mos Def and Bobby Womack)

Gorillaz

Love, Electricity, Shockwave central,
Power on the motherboard, yes
Push up, Overload, Legendary,
Heavy glow, Sunshine, Thunder roll,
Keep it all
Yes the lantern burn, burn it easy
And broadcast, so raw and neatly
Thunder roll, sunshine,
Work it out Overload overload overload
Coming up to the overload overload overload
Coming up to the overload overload overload
Coming up to the overload overload overload
Coming up to the
Oh stylo, (juice)
Go forth,
Blossom in your soul
When you know your heart is light
Electric is the love When the maco flies (a giant fish)
Up from the bottom in your eyes
Then I know the twilight skies
Are not so broken hearted (from the end of the line) It's love of electric
It'll be flowing on the streets,
Night after night
Just to get through the week
Sometimes its hard Right now
Single cell, (juice)
Out of depression,
Rise above,
Always searching,
If I know your heart,
Electric is the love. Theres only one way
Let it pray a little while longer
Its got a way of pass through man and woman
In another world
In another world in the universe Right now
Here is what we got to do It's its love of electric,
It'll be flowing on the streets,
Night after night
Just to get through the week
Sometimes its hard That's what I'm talking about
Love electricity,
Shockwave central,

Power on the motherboard, yes Push up, Overload, Legendary,
Heavy blow, Sunshine, Thunder roll,
Keep this on
Yes the lantern burn, burn that easy,
And broadcast so raw and neatly,
Thunder roll, Sunshine,
Work it out Right now
