[Chorus]

We ain't stopping at no red lights

They gon' need umbrellas when it rain we spinning?every?night

Yellow tape the?streets we outside posted fuck if?the feds watching

Cuz' say it's time to put in work he wanna see dead bodies

And fuck the opps them niggas dead prolly

I ain't got no heart told you that from the start

I feel like fuck everybody

We gon' wash our hands off with bleach nigga for every body

Ain't no red lights these niggas green

You gotta watch everybody

[Verse 1]

You would've thought my niggas died to oppositions

They was outside losing they life to a sentence

Lil bitch say period pooh but ain't end her sentence

Told the bitch don't hit my phone i'm rude now cause I ain't friendly

She put them drugs inside her body percocet molly

Ima' get a nigga wet up like poseidon if a opp try me

Was the only black kid on the baseball team so they think I'm not sliding

My best friends killed my grandaddy I had a hard time crying

[Chorus]

Street

We ain't stopping at no red lights

They gon' need umbrellas when it rain we spinning every night

Yellow tape the streets we outside posted fuck if the feds watching

Cuz' say it's time to put in work he wanna see dead bodies

And fuck the opps them niggas dead prolly

I ain't got no heart told you that from the start

I feel like fuck everybody

We gon' wash our hands off with bleach nigga for every body

Ain't no red lights these niggas green

You gotta watch everybody

[Verse 2]

Stuck in the hood drive pass them candles

Look at yo dead homies

Gang want me to kick it

I'm trying to progress ain't got a leg on me

I gave my homie bread for the straps

He went and turned fed on me

Lucky I ain't kill'em

He don't know I keep one in the head on me

Screaming long live Niko

Won't use his name in vein

Rolls Royce umbrellas

If I'm gon' wait in the rain

I done got a lil boujee

Now I signed and nigga my racks up

Still uh' catch a opp at the red light

I hope he strapped up

[Chorus]

Street

We ain't stopping at no red lights

They gon' need umbrellas when it rain we spinning every night

Yellow tape the streets we outside posted fuck if the feds watching

Cuz' say it's time to put in work he wanna see dead bodies

And fuck the opps them niggas dead prolly

I ain't got no heart told you that from the start

I feel like fuck everybody

We gon' wash our hands off with bleach nigga for every body

Ain't no red lights these niggas green

You gotta watch everybody
