

Kiss a Girl

Keith Urban

To kiss and tell
It's just not my style.
But the night is young
And it's been a while.
And she broke my heart
Broke it right in two.
And it's fixing time
But I'm feeling like I'm finally ready to
Find, find somebody new.
I wanna kiss a girl
I wanna hold her tight
And maybe make a little magic in the moonlight.
Don't wanna go too far
Just to take it slow
But I shouldn't be lonely in this big ol' world.
I wanna kiss a girl.
It's that moment when
You start closing in.
First you're holding back
Then surrendering.
It can start a fire
Light up the sky.
Such a simple thing
Do you wanna try?
Are you ready to
Say goodbye
To all these blues?
I wanna kiss a girl
I wanna hold her tight
And maybe make a little magic in the moonlight.
Don't wanna go too far
Just to take it slow
But I shouldn't be lonely in this big ol' world.
I wanna kiss a girl.'Cause, baby, tonight
It could turn into the rest of our lives.
Oh yeah.
Are you ready?
(Are you ready?)
Are you ready
(Are you ready)
To cross that line? Put your lips on mine.
Put your lips on mine, baby. Do you wanna try? Are you ready to

Say goodbye
To all these blues? I wanna kiss a girl
I wanna hold her tight
And maybe make a little magic, baby.
Don't wanna go too far
Just to take it slow
I don't want to be lonely
I shouldn't be lonely.
I wanna kiss a girl
I wanna hold her tight
And maybe make a little magic in the moonlight. Don't wanna go too far
Just to take it slow
But I shouldn't be lonely in this big ol' world.
I wanna kiss a girl. I said I wanna kiss a girl. Whoa-ho whoa-ho
I wanna kiss a girl.
I wanna hold her tight
I wanna make a little magic
Out under the moonlight.
Oooh I wanna kiss a girl.
