

All I Do

Majid Jordan

You call, you say, just let it be
I can't, I say you mean too much to me
It's real, there's no one else I found I feel, really need to figure this out, just you and I
Only wanted to find, whatever makes you smile
Only wanted to find, cause all I ever do is think of you
Too much, you mine, you mine
Cause all I ever do is think of you, my love
You mine, you mine
Help me make it up
How come, you say you need a better man?
When you're the one who came to me for everything
I guess it's true what they say about, the one Really need to figure this out just you and I
Only wanted to find, whatever makes you smile
Only wanted to find, cause all I ever do is think of you
Too much, you mine you mine
All I ever do is think of you, my love
You mine, you mine
Help me make it up
I guess we're here, once again
Just two of us talkin'
It's real, there's no one else I found
I feel, we really need to figure this out, just you and I
Only want to bathe in silence, only wanna live forever
Only wanna keep things quiet, only wanna be together
Be together, be together...
Cause all I ever do is think of you, too much
You mine, you mine
Cause all I ever do is think of you, my love
You mine, you mine
Help me make it up with you
