

# Better (feat. Stefflon Don)

Lil Yachty

Oh, you say it's good  
I say it's great  
But it could be better  
It always could always be better  
You say it's good  
But it could be better  
It always could always be better  
Everything in life could always be better  
Don't settle for less 'cause then you miss out on more  
Everything in life won't always be pleasure  
You work for the treasure just to live even more  
'Cause you say it's good, but it could be better  
It always could always be better  
Unlock your happiness and live for forever  
I'll express my life in a letter  
I love you 'cause you be makin' me better  
You make me feel so much better  
It could be good  
But it could be better  
When I'm with you, I feel much better  
Oh, oh, oh  
Let's lay on the hood and look at the stars  
And name them whatever  
You always call that one Trevor  
Since a young one you've always been clever  
Let's grow old, rocking chairs and play checkers  
I wanna spend my whole life with you  
Without you I feel so blue  
I probably lose my train of to dos  
All my life I always knew  
You say it's good  
I say it's great  
But it could be better  
It always could always be better  
You say it's good  
But it could be better  
It always could always be better  
Everything in life could always be better  
Don't settle for less 'cause then you miss out on more  
Everything in life won't always be pleasure  
You work for the treasure just to live even more  
You said I love ya with those eyes so deep  
The love you gave me made me feel so sweet

Baby you against the car, you don't deny me  
Love the way you love me, I really love you  
They must be blind if they can't see  
I'll pour it up, I'll take you high  
You so fly  
Neighbors always come around  
When you got me raining down  
You say it's good  
I say it's great  
But it could be better  
It always could always be better  
You say it's good  
But it could be better  
It always could always be better  
Everything in life could always be better  
Don't settle for less 'cause then you miss out on more  
Everything in life won't always be pleasure  
You work for the treasure just to live even more  
'Cause you say it's good, but it could be better  
It always could always be better  
Unlock your happiness and live for forever  
I'll express my life in a letter  
I love you 'cause you be makin' me better  
You make me feel so much better  
It could be good  
But it could be better  
When I'm with you, I feel much better  
Oh, oh, oh
