

# Got the Feeling (feat. kirstin)

Syn Cole

You got the feeling, I know you're there

You got the feeling, I know you're there

It's like I'm living in a daydream

Got your love all over me

I can feel something starting

Take me all the way you want me

'Cause too many times I've complicated this love

Too many times I don't know when to shut up

But every time you keep pulling me closer

You don't let me down

You got the feeling I need

You got the feeling, I know you're there

You got the feeling I need

You got the feeling, I know you're there

You got the feeling, feel good

You got the feeling I need

You got that feeling, yeah

I know you're there, I know you're there

You got that feeling, yeah

I know you're there, I know you're there

You're like a storm raging through me

The way you touch me with your energy

And I can feel something rising

I'm so high it's getting hard to breathe

'Cause too many times I've complicated this love

Too many times I don't know when to shut up

But every time you keep pulling me closer

You don't let me down

You got the feeling I need

You got the feeling, I know you're there

You got the feeling I need

You got the feeling, I know you're there

You got the feeling, feel good

You got the feeling I need

You got that feeling, yeah

I know you're there, I know you're there

You got that feeling, yeah

I know you're there, I know you're there
