

Nature's Rising (Interlude)

Keith Sweat

[Interlude: Girl & Keith Sweat]

What's up baby?

I've been peeping you out, all night long

And I've been wondering, can you satisfy me?

I mean you've been going on and on about what you would do for me

And now it's show and tell

So what you wanna do baby? I'm ready, are you?

Turn the lights down low, here we go

Bring it on, let it flow

Don't you know you got my nature rising?

Ooh yeah

Turn the lights down low, here we go

Bring it on, let it flow

Don't you know you got my nature rising?

Ooh yeah
