

# Sally (feat. Harrison)

## Hardwell

She's a dirty bitch  
And a dirty witch  
You only down for the down, down  
And if her boyfriend knew  
What she makes me do  
And I'll be down, down, down  
Cause I'm going to hell  
They'll take me away  
No one can find out  
That I've been fucking sally  
And if I got a  
She's coming with me  
No one can find out  
That I've been fucking sally  
I've been I've been  
I've been fucking sally  
I've been I've been  
I've been fucking sally  
I've been I've been  
I've been fucking sally

Wish that I was rich  
Cos her Dad's a dick  
He wants me dead wants me down and out  
And his guns old school but the bullet's new  
So gun me down down down  
Cos I'm going to hell  
They'll take me away  
No one can find out that I've been fucking sally  
And if I got caught  
She's coming with me  
No one can find out that I've been fucking sallyI've been I've been I
