

Good Kids Smoke Crack

Rucka Rucka Ali

I make them good kids smoke crack

I make them good kids smoke

Good kids smoke (crack)

Good kids smoke (crack)

You take the pipe (the pipe)

Torch it, and give it a little twirl

It get's you high (now try)

Try to stay out of jail

'Cause just one rock couldn't kill no one

I've smoked since I was two years old

If you smoke crack

You might one day be president

I make them good kids smoke crack

I make them good kids smoke crack

Don't be hatin' on a brother 'cause I smoke with kids

I smoked with all your mothers when they was pregnant

I make them good kids smoke crack

I make them good kids smoke

Good kids smoke (crack, crack, crack)

Good kids smoke (crack, crack, crack)

Good kids smoke crack

You know my type

I'm a nice guy

Everybody likes me

White collar crimes

Killing white people nightly

I get high with twenty nine year olds

I mean, there's twenty of 'em playing outside nicely

I got the price of the crack

You might be surprised how it helps you relax

Well, I take it back

You'll be dancin' and askin' the crackers for cash when they pass

Now your mom's comin' at me for answers

"Why you smokin' crack with my grandson? "

I don't know

Why is the sky black?

I don't know

Why is this guy black?

Why do grandmas give me handjobs for crack?

I make them good kids smoke crack

I make them good kids smoke crack

You can take his bag of drugs and share with your friends

I could've charged you double,

But I care 'bout your kids

I make them good kids smoke crack

Good kids smoke (good kids smoke crack, crack, crack)

Good kids smoke (crack, crack, crack)

Good kids smoke crack

The FCC's gonna take all my money

'Cause I'm teachin' kids to smoke the crack

But I'm not the one making songs teaching little girls how to take it in the ass

So please go and buy my CD for your kids,

Even though I have a dirty mouth

'Cause when you were a kid,

You were probably lynching my people in the south

I make them good kids smoke crack

Good kids smoke (good kids smoke crack)

Good kids smoke crack

Don't be hatin' on a brother 'cause I smoke with kids

I smoked with all your mothers when they was pregnant

I make them good kids smoke crack

I make them white girls go black

I make them good kids smoke

Good kids smoke (crack, crack, crack)

Good kids smoke (crack, crack, crack)

Good kids smoke
