

# Get Up

Cole Swindell

[Verse 1]

Baby, all week, yeah, you and me  
Have been rarin' to go, ready for this show  
Got our buzz on, and the sun's gone  
You can't see for the crowd, let me help you out

[Chorus]

Get up, get up, get up on my shoulders  
Here, take my koozie so your can stays colder  
Be my country song sing-along beer holder  
Hurry up baby, 'fore this song's over  
Get up, get up, get up on my shoulders

[Verse 2]

Yeah, I got a spot for your tan legs, 'round my red neck  
Where you can outshine that big spotlight  
And get the party started  
Girl, show the world how pretty you are

[Chorus]

And get up, get up, get up on my shoulders  
Here, take my koozie so your can stays colder  
Be my country song sing-along beer holder  
Hurry up baby, 'fore this song's over  
Get up, get up, get up on my shoulders  
I gotcha girl  
I ain't gonna let you fall

Get up, get up, get up on my shoulders  
Here, take my koozie so your can stays colder  
Be my country song sing-along beer holder  
Climb on up, 'fore this song's over

Get up, get up, get up on my shoulders  
Here, take my koozie so your can stays colder  
Be my country song sing-along beer holder  
Hurry up baby, 'fore this song's over  
Get up, get up, get up on my shoulders

Get up, get up

If you gonna get up here, you gonna have to sing along now  
Nah nah nah nah nah nah nah nah  
Nah nah nah nah nah nah nah nah  
Nah nah nah nah nah nah nah nah
