

# Go-Go Gadget Gospel

Gnarls Barkley

Pump up the peculiar  
While I yell unique  
If you see what you want  
If you're wondering what it look like, look at meHey, aah, aah  
Let me show you how to do it  
Hey, aah, oh  
Yeah, yeah, yeah, yeah, yeahI'm well on my way  
I'm almost everything  
And this is my day  
Oh, make me want to singI'm free, look at me  
Behold everything I'm allowed to see  
Free, come and see  
Na, na, na, na, na na na  
Shapeless, formless, heart is enormous  
Bore this, I've worn this  
No never what the norm is  
Come hear this, it's fearless  
Contrast and color  
Prisms so warmin'  
Listen and love itI'm free, look at me  
Freedom in hi-fidelity  
Free, come and see  
Na, na, na, na, na naAh, what you waitin' on?  
I want action, passion, smilin', laughin'  
Yieldin', feelin', helpin', healin'  
Introduce your neighbor to your saviour  
I'm free, look at me  
Freedom in hi-fidelity  
Free  
Na, na, na, na, na na na
