

Better Do It

RaeLynn

If you say it, you better do it
If you say it, you better do it
If you say it, you better do it
 You better do it
You better do it You know, you know
 I find you cute
But I can always find another you
 That'll treat me like a queen
Won't leave me sitting here trying to read
 Between the lines
 Between the lies
 Between you and me boy
You better figure out what you want
 Am I what you want?
 I'm not the cry type
 I'm not the whine type
I'm not the wait around [?] while you find time
 While you find time
 I'm not the pretty please
 Don't leave me
 I'm the one that
Takes the bull by the horns Ain't no girl in the USA
Wants a little boy whose always afraid
 I'm gonna get to leavin'
Better figure out what you're feelin'
I'm up to here with the stop and go
 All i really need is a yes or no
 My patience has hit the ceiling
Better figure out what you're feelin'
 If you say it, you better do it
 If you say it, you better do it
 If you say it, you better do it
 You better do it
You better do it I see it seems you really think
 You're the only fish in the sea
 And your first surprise will be
 You're thinkin, but you're not
 Baby step to the plate
 Baby I'm not taking no maybes
'Cause I take the bull by the horns Ain't no girl in the USA
Wants a little boy whose always afraid
 I'm gonna get to leavin'

Better figure out what you're feelin'
I'm up to here with the stop and go
All I really need is a yes or no
My patience has hit the ceiling
Better figure out what you're feelin'
Yeah If you say it, you better do it
If you say it, you better do it
If you say it, you better do it
You better do it
You better do it I'm not the cry type
I'm not the whine type
I'm not the wait around [?] while you find time
While you find time
I'm not the pretty please
Don't leave me
I'm the one that takes the bull by the horns Ain't no girl in the USA
Wants a little boy whose always afraid
I'm gonna get to leavin'
Better figure out what you're feelin'
I'm up to here with the stop and go
All I really need is a yes or no
My patience has hit the ceiling
Better figure out what you're feelin' If you say it, you better do it
If you say it, you better do it
If you say it, you better do it
You better do it
You better do it Come on
