

# One Night Stand

Jazmine Sullivan

Usually in the one that's in control and  
I'll meet 'em, freak 'em, leave 'em, move onto the next man...  
He ain't my man I must admit I like have some fun  
I'll be in love for like a minute and I'm on the run  
On the run, on the run, in love for like a minute then I'm on the run  
Ohh  
Until the day that he caught my eyes  
I know I didn't want to play him like them other guys  
Other guys, other guys, didn't want to play him like them other guys You are my kyptonite  
You take my powers away  
And if I spend the night  
You'll probably drive me insane  
One night stand, one night stand, he was supposed to be a one night stand  
Hey  
You are my kyptonite  
You take my powers away  
And if I spend the night  
You'll probably drive me insane  
One night stand, one night stand, he was supposed to be a one night stand  
Hey When he looked in my eyes  
I knew somethin' was different  
He wasn't no beginner  
I could tell I couldn't win  
Couldn't win, couldn't win, he was no beginner and I couldn't win  
I should have walked away  
Don't know what made me stay  
I knew I played the game  
I'm probably gonna pay  
Gonna pay, gonna pay, I play the game and now I'm gonna pay  
You are my kyptonite  
You take my powers away  
And if I spend the night  
You'll probably drive me insane  
One night stand, one night stand, he was supposed to be a one night stand  
Hey So I decided I would try it  
Because I couldn't fight it  
I would do it so good  
I'd have him makin' me pancakes in the morning  
Makin' me pancakes in the morning  
Yeah  
And so I put it down  
I mean, I went to town

But he pulled the switch-around  
It was me makin' pancakes in the morning  
Me makin' pancakes in the morning You are my kyptonite  
You take my powers away  
And if I spend the night  
You'll probably drive me insane  
One night stand, one night stand, he was supposed to be a one night stand  
Hey
